## **Activities under Community Services**

Recognizing the responsibility towards the society, the college has started the new initiative in the form of Community Services Cell. Several activities which can lead to betterment of the lives of rural people are undertaken under this Cell. The departments, faculty and students of the college participate in these activities. The assistance from the active non governmental organizations is sought in the implementation of the programs.

### **IT for rural area**

The digital divide between the urban and rural area needs to be dispelled for the effective implementation of the various governmental initiatives. The community living in slums, rural parts as also school boys of municipal corporations has been deprived

from the newer powerful technology. Under the department of Computer Technology and Information Technology the institute has designed unique Mobile Computer Vans. These are fully computerized TATA Buses with DG Honda 2800 S having 18 latest configured computers with TFT monitored installed with peripherals. The premier objective is to spread awareness about Information Technology and educate the masses through expert trainers and provide them practical exposure through computer van. The responses from the aspirants are amazing and very encouraging.
